Woody Ornamentals Includes Trees

Arranged by Season of Interest

Japanese Black Pine

Pinus thunbergiana

Tree -- Evergreen

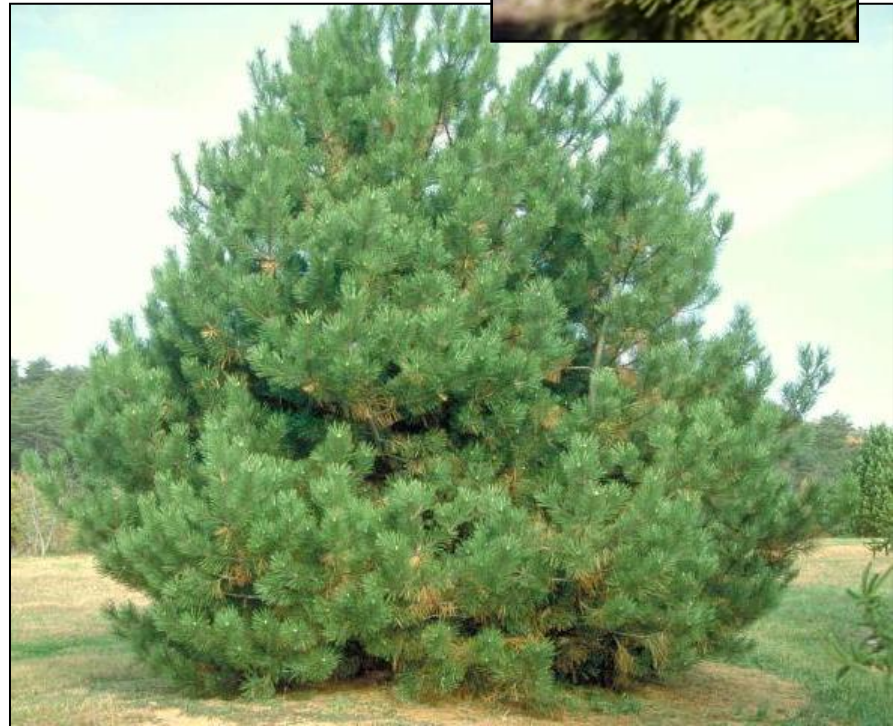

50-
70'

20'

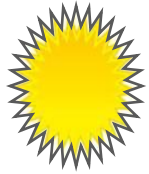

- **Soil:** Well-drained, acidic soil
- **Bloom Color:** Non-blooming
- **Distinctive characteristics:**
 - Slow growing
 - Good for screening
 - Very tolerant of salt spray
 - Does well as a seashore planting, helps to stabilize dunes
 - Heat and drought tolerant
 - Transplants easily

Japanese Falsecypress

Chamaecyparis pisifera 'King's Gold'

Woody Ornamental - Shrub - Evergreen

- **Soil:** Well-drained
- **Bloom Color:** Non-flowering
- **Distinctive Characteristics:**
 - Fall Color: Yellow
 - Foliage: Evergreen
 - Seed: Male and female cones
 - Bright gold threadleaf Foliage that does not burn in full sun
 - Spreading mound

Dwarf Japanese Cedar

Cryptomeria japonica 'Globosa Nana'

Woody Ornamental - Shrub - Evergreen

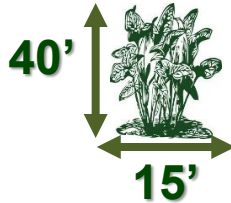

- **Soil:** Well-drained
- **Bloom Color:** Non-flowering
- **Foliage Color:** Bluish green
- **Distinctive Characteristics:**
 - Bluish green needles; rusty red in winter; graceful broadly pyramidal habit
 - Neat dense mound

Silver Dollar Tree

Eucalyptus cinerea

Woody Ornamental - Shrub/Tree - Evergreen

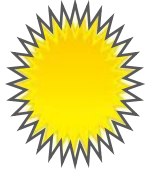

- **Soil:** Well-drained
- **Bloom Color:** Grown for foliage
- **Foliage Color:** Blue green
- **Distinctive Characteristics:**
 - Fast Growing
 - Rounded blue green juvenile foliage is very aromatic when crushed
 - Withstands heat, dry conditions and wind once established
 - Leaves and bark are poisonous if eaten in large quantities

Japanese Holly

Illex crenata 'Sky Pencil'

Woody Ornamental - Shrub - Evergreen

4-
10'

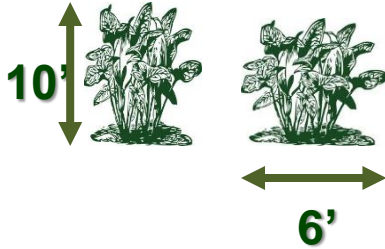

- **Soil:** Well-drained, acidic soil
- **Bloom:** Insignificant
- **Distinctive characteristics:**
 - Maintains columnar shape w/out pruning
 - Tolerant of a wide variety of soils ranging from moist to dry and from sand to clay
 - Use as hedge, border, foundation planting or as accent in the landscape.
 - Mildly deer resistant

Juniper 'Blue Point'

Juniperus chinensis 'Blue Point'

Woody Ornamental - Shrub - Evergreen

- **Soil:** Well-drained
- **Foliage Color:** Blue-green
- **Distinctive Characteristics:**
 - Color maintained throughout the year
 - Tolerant of dry soils
 - Blue-green pyramidal form with dense branching

Chinese Juniper 'Gold Lace'

Juniperus chinensis 'Gold Lace'

Woody Ornamental - Shrub - Evergreen

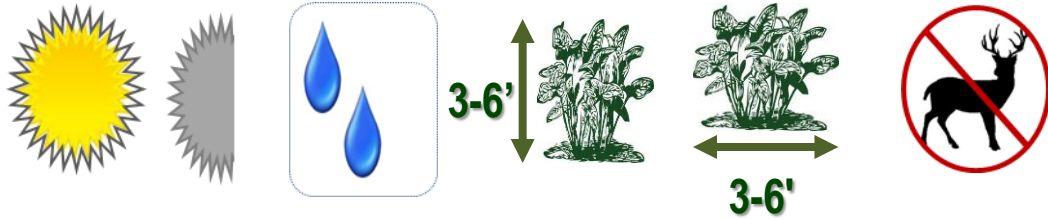

- **Soil:** Well-drained
- **Foliage Color:** Bright gold
- **Distinctive Characteristics:**
 - Color maintained throughout the year
 - Tolerant of dry soils
 - Slow-growing mounded habit

Loropetalum Ever Red™

Loropetalum chinensis Ever Red™ 'Chang Nian Hong'

Woody Ornamental - Shrub - Evergreen

- **Soil:** Well-drained, rich
- **Bloom Color:** Red, vivid, deep red
- **Distinctive Characteristics:**
 - Called: Chinese fringe-flower
 - Leaves dark burgundy; persists through the summer
 - Needs regular watering - weekly, or more often in extreme heat
 - Tolerant of some drought once established

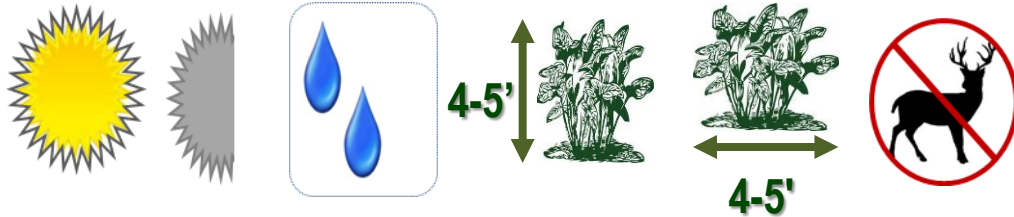

Loropetalum Ruby Snow™

Loropetalum chinense var. *rubrum* 'Spg-3-002'

Ruby Snow™

Woody Ornamental - Shrub - Evergreen

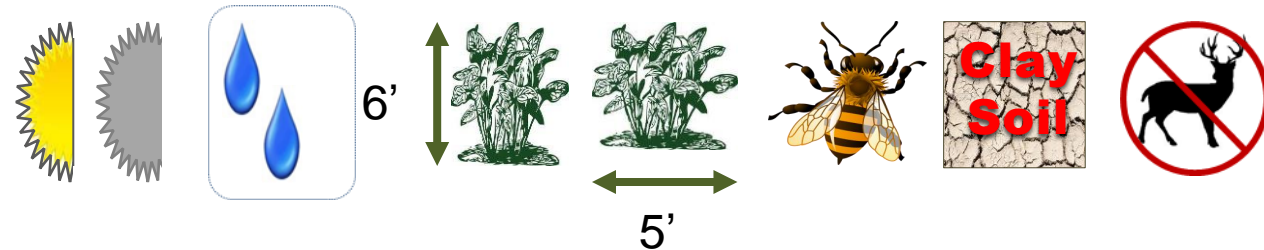

- **Soil:** Well-drained, rich
- **Bloom Color:** White
- **Distinctive Characteristics:**
 - Called: Chinese fringe-flower
 - Leaves of dark burgundy; persists through the summer
 - Needs regular watering - weekly, or more often in extreme heat
 - Tolerant of some drought once established

Greenstem or Korean Forsythia

Forsythia viridissima var. *koreana* 'Kumson'

Woody Ornamental - Shrub - Early Spring

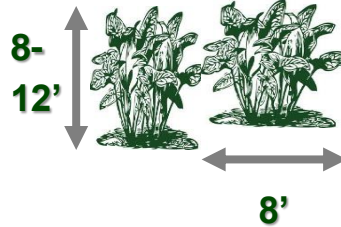

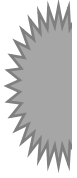

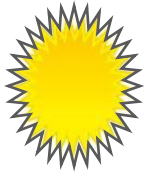

- **Soil:** Well-drained, moist
- **Bloom:** Yellow
- **Distinctive characteristics:**
 - Distinctive yellow blooms which appear before the leaves
 - Leaves-Deep green with clear white-silver venation
 - Drought tolerant
 - Occasional deer damage

Camellia 'Greensboro Red'

Camellia japonica 'Greensboro Red'

Woody Ornamental - Shrub - Evergreen - Spring

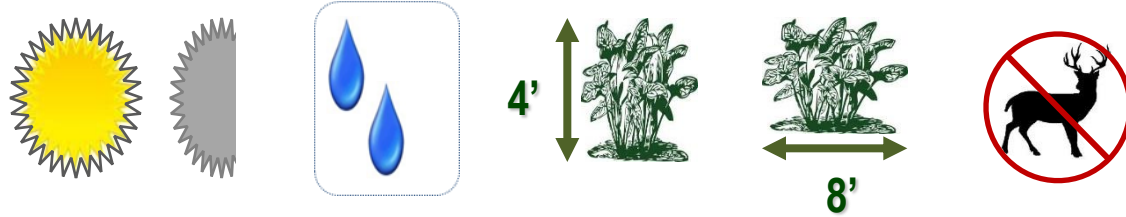

- **Soil:** Well-drained
- **Bloom Color:** Light red
- **Distinctive Characteristics:**
- Fall Color: Green
- Foliage: Glossy evergreen
- Lustrous dark green leaves
Prefers acidic, highly organic soils. Always mulch because of shallow rooting. Semi-double flowers. Late season bloomer

Isu Tree, Evergreen Witch Hazel

Distylium myricoides

Woody Ornamental - Shrub - Evergreen - Spring

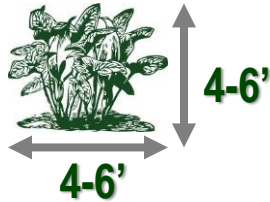

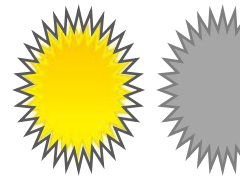

- **Soil:** Well-drained
- **Bloom Color:** Red
- **Distinctive characteristics:**
 - Related to Witch Hazels
 - Lateral branching habit creates a layered effect
 - Dark glossy blue-green leaves
 - Clusters of red stamens with no petals
 - Drought tolerant

Itea 'Henry's Garnet'

Itea virginica 'Henry's Garnet'

Woody Ornamental - Shrub - Deciduous - Spring

- **Soil:** Moist, tolerates flooding
- **Bloom Color:** White
- **Distinctive Characteristics:**
 - Striking burgundy-red fall color
 - Great shrub for rain gardens or clay soil

Pinwheel Jasmine

Tabernaemontana divaricata

Woody Ornamental - Shrub - Evergreen - Spring

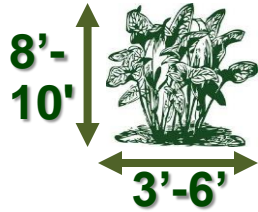

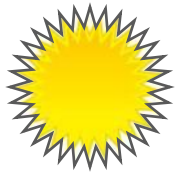

- **Soil:** Well-drained, acidic
- **Bloom Color:** White, unscented
- **Distinctive Characteristics:**
 - White flowers shaped like pinwheels
 - Great plant for shadier area that has little or no color
 - Branches drape to ground
 - Can grow in container

Goji Berry (Wolfberry, Matrimony Vine)

Lycium barbarum Firecracker™

Woody Ornamental - Shrub -

Spring-Summer

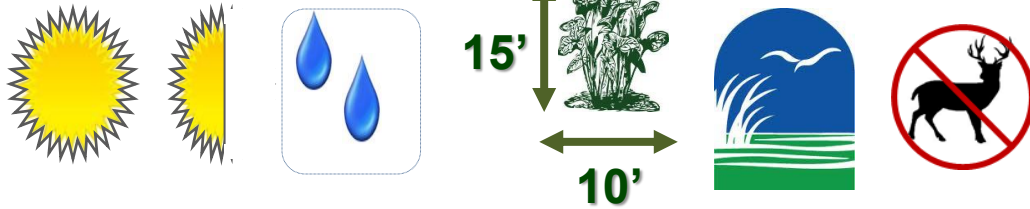

- **Soil:** Well-drained, highly fertile, does not tolerate salinity
- **Bloom Color:** Lavender and white
- **Distinctive Characteristics:**
 - Fruit: Ripens mid-summer to frost, edible bright red fruit; plants begin to fruit at one year; if planting one-year transplants
 - Superfruit filled with antioxidants, vitamin C, protein
 - Relative of tomato, thus cultural and nutritional needs are similar

Japanese Cleyera

Ternstroemia gymnanthera, *Ternstroemia japonica*

Woody Ornamental - Shrub - Evergreen - Late Spring

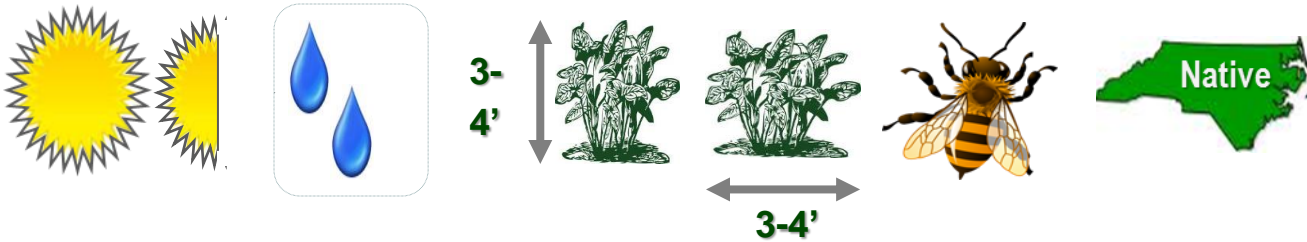

- **Soil:** Well-drained, moist
- **Bloom:** Yellowish white on previous season's growth (take care not to prune too late)
- **Distinctive Characteristics:**
 - Winter Color: Reddish bronze (when grown in sun)
 - Foliage: Lustrous dark green
 - Seed: Oval green/speckled red berry

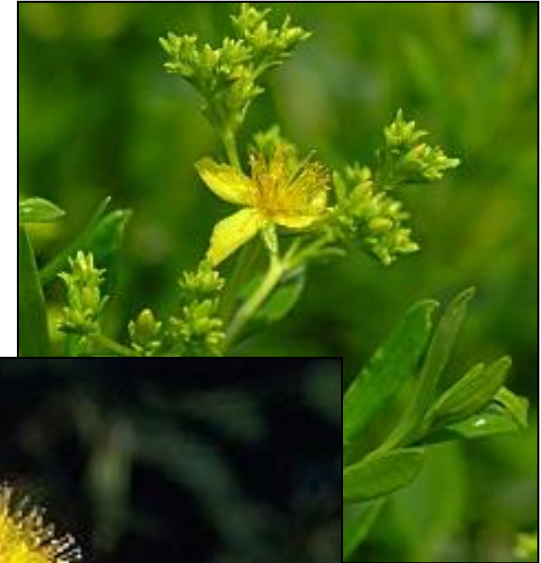

Bushy St. John's Wort

Hypericum densiflorum Pursh

Woody Ornamental - Shrub - Deciduous -
Late Spring-Early Summer

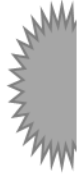

- **Soil:** Well-drained
- **Bloom Color:** Bright yellow, Showy
- **Distinctive Characteristics:**
- Occurs in pine savannas for the coastal plain
- Dense growth form
- Good to stabilize hills and embankments

Nandina 'Seika' Obsession™

Nandina domestica 'Seika' Obsession™

Woody Ornamental - Shrub - Evergreen -
Late Spring-Summer

- **Soil:** Well-drained, moist humusy
- **Bloom Color:** White
- **Distinctive Characteristics:**
 - Dwarf - very compact dense plant habit, slow grower
 - Bright berries, fall/winter leaf color
 - Fruits best when grown in groups
 - Foliage: long-lasting deep red in young leaves; Mature - deep green
 - Leaf color best in full sun
 - Drought tolerant

Sage Heatwave™ Blast

Salvia (microphylla x greggii) 'EGGBEN002'

Woody Ornamental - Shrub - Spring-Frost

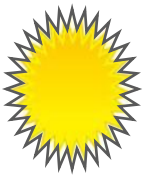

- **Soil:** Well-drained
- **Bloom Color:** Salmon pink
- **Distinctive Characteristics:**
 - Leaf: Fragrant
 - Tolerates drought

Buddleja 'Nanho Purple' Butterfly Bush

Buddleja davidii 'Nanho Purple'

Woody Ornamental - Shrub - Late Spring-Fall

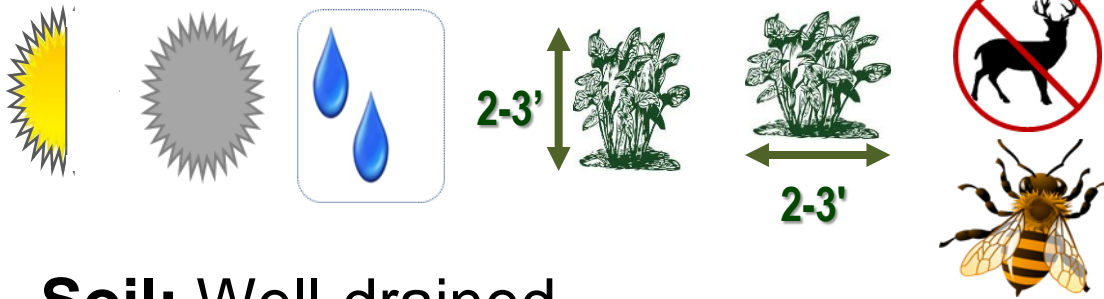

- **Soil:** Well-drained
- **Bloom Color:** Lavender-purple, showy
- **Distinctive Characteristics:**
 - Foliage Color: Sage green
 - Arching Shrub; dense, compact growth
 - Attracts butterflies
 - Tolerates rabbits
 - Cut to ground, late winter

'Holland Days' Bear's Breeches

Acanthus x 'Holland Days'

Woody Ornamental - Shrub - Summer

- **Soil:** Well-drained
- **Bloom Color:** White flowers with purple calyxes
- **Distinctive Characteristics:**
 - Dark green foliage, deeply lobed with pointed tips
 - Lacks spines of most *Acanthus*
 - Tolerates rabbits

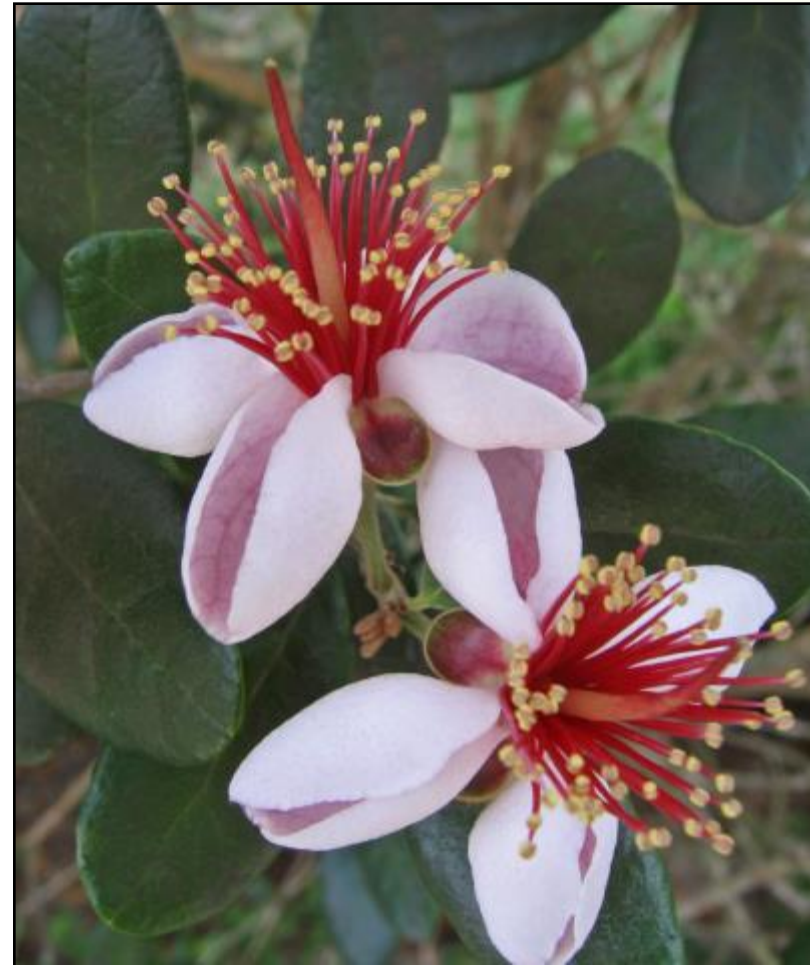

Pineapple Guava

Acca sellowiana

Woody Ornamental -
Shrub/Tree - Evergreen -
Summer

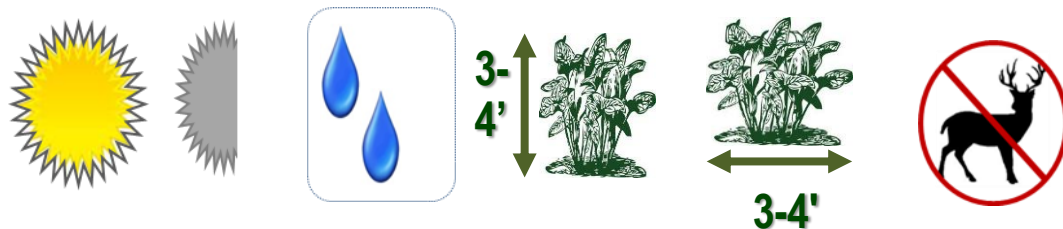

- **Soil:** Well-drained
- **Bloom Color:** Pink and Red
- **Distinctive Characteristics**
 - Tough evergreen, can be grown as a large shrub or small multi-stemmed tree
 - Very drought tolerant
 - Edible fruits (Feijoas) ripen in late summer

Nandina 'Lemon-Lime'

Nandina domestica Alba 'Lemon-Lime'

Woody Ornamental - Shrub - Evergreen - Summer

- **Soil:** Well-drained, moist
- **Bloom Color:** Does not bloom
- **Distinctive Characteristics:**
 - Semi-dwarf - very compact plant habit; has chartreuse new and mature foliage
 - Drought tolerant

Nandina 'Gulf Stream'

Nandina domestica 'Gulf Stream'

Woody Ornamental - Shrub - Evergreen – Summer-Fall

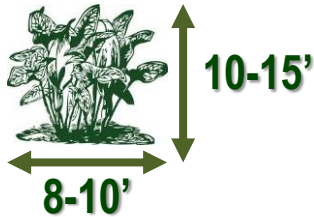

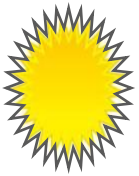

- **Soil:** Well-drained
- **Bloom Color:** White
- **Distinctive Characteristics:**
 - Foliage: Burgundy-red
 - Red berries in fall
 - Layered, compound foliage. New leaves emerge copper and mature to blue-green
 - in summer and red in winter.
 - Compact form

'Shoal Creek' Chastetree

Vitex agnus-castus 'Shoal Creek'

Woody Ornamental -
Shrub/Tree - Summer

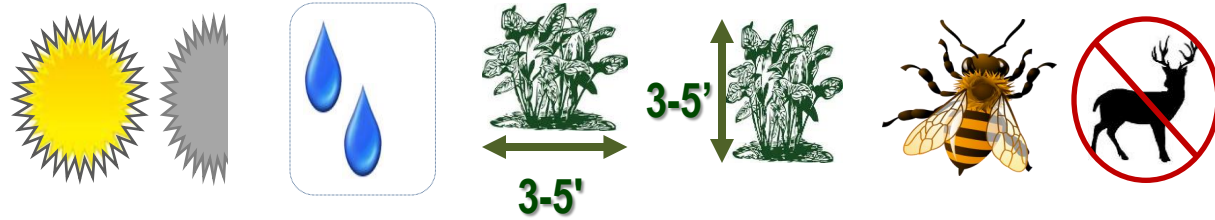

- **Soil:** Well-drained
- **Bloom Color:** Lavender-blue
- **Distinctive Characteristics:**
 - Can grow as a large shrub or small tree
 - Fragrant leaves and blooms

Abelia 'Edward Goucher'

Abelia x grandiflora

Woody Ornamental - Shrub - Evergreen - Summer-Fall

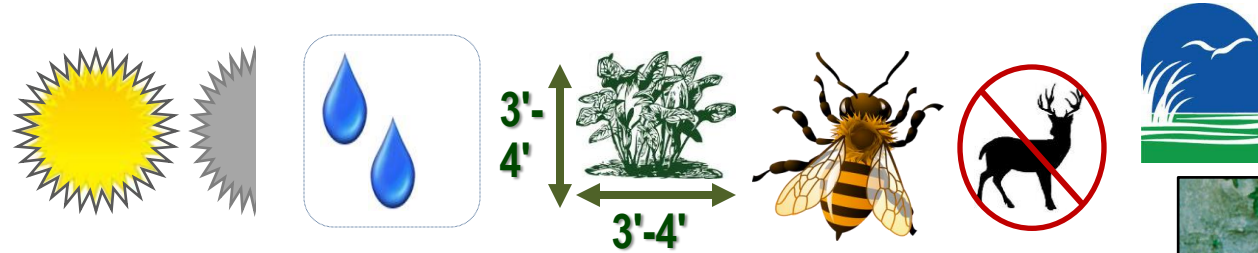

- **Soil:** Well-drained
- **Bloom Color:** Lavender-pink
- **Distinctive Characteristics:**
 - Foliage: Ovate, glossy, dark green leaves (to 1.25" long) turn purplish-bronze in autumn
 - Graceful, arching branches
 - Drought tolerant

Buddleja 'Buzz'TM Magenta' Butterfly Bush

Buddleja davidii

Woody Ornamental - Shrub - Summer-Fall

- **Soil:** Moist, rich, well-drained
- **Bloom Color:** Red-pink
- **Distinctive Characteristics:**
 - Full-sized, graceful, tapering, scented six inches flower spikes on a shorter, more compact butterfly bush
 - Prune to keep from becoming leggy

Crape Myrtle

Lagerstroemia 'Cherry Dazzle'[®]

Woody Ornamental - Shrub - Deciduous - Summer-Fall

2'

4'

- **Soil:** Well-drained, clay
- **Bloom Color:** Red
- **Distinctive Characteristics:**
 - Grows slowly
 - Dwarf low mounding specimen plant w/ large inflorescences in summer
 - Orange-red NEW growth and burgundy fall color
 - Bright red flowers throughout the summer

Crape Myrtle

Lagerstroemia indica 'Pocomoke'

Woody Ornamental - Shrub - Deciduous - Summer-Fall

- **Soil:** Well-drained, clay
- **Bloom Color:** Dark rose pink
- **Distinctive Characteristics:**
 - Fall color: Orange/red leaves
 - Grows slowly
 - Miniature specimen plant w/ large inflorescences in summer. Brownish red exfoliating bark. Rounded compact w/ bright pink flowers throughout the summer.

Camellia 'Winter's Star'

Camellia x 'Winter's Star'

Woody Ornamental - Shrub - Evergreen - Fall

- **Soil:** Well-drained, moist, sandy
- **Bloom Color:** Violet-pink
- **Foliage Color:** Dark green
- **Distinctive Characteristics:**
 - Can be grown in tubs or containers
 - Grown for its leathery, slightly glossy, dark green foliage and its showy autumn flowers
 - Hybrid plant

Osmanthus False Holly

Osmanthus heterophyllus 'Goshiki'

Woody Ornamental - Shrub - Evergreen - Fall

- **Soil:** Well-drained
- **Bloom Color:** White, small, fragrant
- **Distinctive Characteristics:**
 - Fall color: cream/green, variegated leaves
 - New growth emerges pink to bronze and matures to cream w/ green flecks
 - Good screen plant

Camellia 'Kanjiro'

Camellia sasanqua 'Kanjiro'

Woody Ornamental - Shrub - Evergreen - Fall-Winter

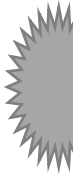

- **Soil:** Well-drained
- **Bloom Color:** Rose Red
- **Distinctive Characteristics:**
 - Foliage Color: Green
 - Similar to *C. Japonica* but tends to be smaller, more refined; smaller leaves
 - Large, semi-double bright pink to rosy red flowers; Vigorous upright habit

Camellia 'Setsugekka'

Camellia sasanqua 'Setsugekka'

Woody Ornamental - Shrub - Evergreen - Fall-Winter

10-
15'

8'

- **Soil:** Well-drained
- **Bloom Color:** White
- **Distinctive Characteristics:**
 - Foliage Color: Dark green, glossy
 - Semi-double, large ruffled petals
 - Drought tolerant

Camellia 'Shishi Gashira'

Camellia sasanqua 'Shishi Gashira'

Woody Ornamental - Shrub - Evergreen - Fall-Winter

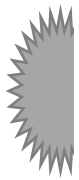

- **Soil:** Well-drained
- **Bloom Color:** Dark pink, rose red
- **Distinctive Characteristics:**
 - Foliage Color: Green
 - Dwarf, more refined, smaller leaves
 - Bloom - Small, semi-double to rose form double
 - Drought tolerant

Camellia 'Yuletide'

Camellia sasanqua 'Yuletide'

Woody Ornamental - Shrub - Evergreen - Fall-Winter

- **Soil:** Well-drained
- **Bloom Color:** Crimson red centered with bright yellow stamens
- **Distinctive Characteristics:**
 - Foliage Color: Dark green
 - Large, single, crimson red flowers
 - Erect, compact growth habit with dense foliage
 - Drought tolerant

Camellia 'Winter's Snowman'

Camellia x 'Winter's Snowman'

Woody Ornamental - Shrub - Evergreen - Fall-Winter

- **Soil:** Well-drained
- **Bloom Color:** White
- **Distinctive Characteristics:**
 - Foliage Color: Dark green, glossy
 - Wine-colored new growth turns to dark green as the season progresses
 - Bloom: Large white semi-double and anemone-form may both be present on the same plant
 - Hybrid plant
